

ALMOST ANOTHER RIOT.

CHICAGO STRIKERS REMAIN FIRM.

An Attempt Made to Run Cars Met With Much Opposition—The End Not Yet.

CHICAGO, July 6.—To-day the extent of the West Side travel by the West Division street cars amounted to ten cars on the Madison street line, ten cars on the Randolph street line, five cars on Lake street, and eight cars on Van Buren street. The cars on the three latter lines were run all the forenoon without interruption. About 2 o'clock this afternoon the company decided to run cars on Madison street, the scene of the battle last Friday. No trouble occurred during the day until about 4 o'clock. At that hour a crowd of over 300 men and boys had collected at the corner of Holley and Van Buren streets. Two cars came along guarded by eight policemen. The crowd began to shout. The police jumped from their seats and made a charge, thus leaving the cars, which contained five passengers, practically unprotected. A portion of the crowd made a detour, seizing the first car and threw it from the track and upset it into a ditch. The horses were cut loose and turned left. The drivers and conductors were severely elbowed. Several shots were fired by the police, but without effect. Patrol wagons filled with police were quickly summoned, who, after dispersing the crowd, escorted the cars back to the barn. About the same hour an attack was made on a Madison street car, a little west of Robey street. The conductor was cut and the car overturned into the ditch. The team was cut loose, as in the former case. The officers arrived promptly and put the assailants to flight. Two arrests were made. About 5 o'clock two Lake street cars were attacked and thrown from the track by a howling mob. The police rushed to the scene and the crowd was soon put to flight. Nobody was hurt. It was given out that the cars would continue until 7:30 p. m., but the program was suddenly changed, and the cars were back in the barn by 5:30. It was learned that a thousand men returning from work would make an attack upon the cars and guardians, and this news impelled the managers to hastily change their plans. At this hour all is quiet. It is understood that notice is being served on the fire department to be in readiness for call to assist the police in the event of a great disturbance arising. The strikers remain firm in their position. They say the cars are a menace to their protection does not pay the company. As long as they can keep the company doing this they feel they will gain their point. No steps have been taken by anyone competent to look, looking to a nullification of the company's charter and franchise. J. Russell Jones, President of the Car Company, says that he has no objection to the company arbitrating the differences between his company and the men. The struggle promises to be a protracted one, and is as far from the end to-day as when the strike was inaugurated.

A Canadian Sensation.

OTTAWA, July 6.—A circular from the treasury of the United States directing that manufactured merchandise in passing over the Canadian territory in transit from one point of the United States territory to another be rated as having been imported from contiguous foreign territory subject to custom duty, has caused a sensation here. The order, if enforced, will destroy a large portion of the business of the Grand Trunk, Canada Southern and other roads. It will also divert business from the Grand Canal as present transacted between Western points in the United States and Oswego, Ogdensburg and other points in the East. The heaviest loss will fall on the railroad mentioned, which do a heavy business between United States points, through Canadian territory.

BIG STRIKE AT BAY CITY.

Most of the Mill Men Out for 10 Hours a Day.

BAY CITY, Mich., July 6.—The laborers in the saw mills of this city and West Bay City went out on strike this forenoon for 10 hours as a day's work, instead of 11. Every mill from Escanaba to McFarland was visited by a crowd of strikers marching and carrying a flag on which were the words: "Ten hours a day's work." At McFarland's, which is the largest mill on the river, officers kept the men from entering the grounds and the mill started up as usual this afternoon, though one-quarter of the force have joined the strikers. There has been no violence used thus far. The strikers are principally Poles and boys. They are led in their march by hoodlums who are not employed in the mills. The mill owners say they are willing to shut down, as lumber is selling low, their docks are full and they can afford to close their mills. Some of the strikers have been addressed by the mill owners, who advise them to appoint a committee to wait upon the manufacturers and state their grievances, settling the matter by arbitration. The big strike of 1872 lasted four weeks. This is expected to last only a few days.

YACHTERS DROWNED.

Two Men Probably Drowned in Lake Erie While Out Yachting.

BUFFALO, July 6.—There is now little doubt that Prof. Bruton and Frank J. White, who left Dunkirk for this port Tuesday last in the yacht Phantom, and have been missing since, are at the bottom of the lake. Patrick Byrne, a dock laborer, reports that on Thursday afternoon he saw a yacht go down about two miles off Stony Point. Two persons on board were notified out of the boat and made a thorough search, without result. Byrne says the yacht was carrying too much canvas, and attributes her capsizing to that fact. The life-saving service started yesterday afternoon dragged for six hours over a circuit of six miles without finding either the yacht or the bodies. Another search will be made covering a wider range.

Miss Cleveland's Book.

NEW YORK, July 6.—The demand for Miss Cleveland's book, "George Eliot's Essays and Other Studies," is unprecedented. Nearly three editions were exhausted in this city to-day. Miss Cleveland has not yet received a copy of her book. It is likely very many readers will have their copies before the White House family enjoys a sight of it. It is believed the order for the book will reach a hundred thousand copies.

PARIS, July 6.—It is stated at the loss of the French in the fight at Hue was larger than reported by Gen. Courcy and that his force is in a critical position. The "Standard's" Opinion.

LONDON, July 6.—The Standard is of the opinion that the action of the Government in disposing of the Korean measure is a grave mistake due entirely to sentimentality. THE MORMON OUTRAGE.

OFFICIAL ORGANS STATEMENT.

An Editorial Inspired by the Head of the Church, Defends the Action and Makes Matters Worse.

SALT LAKE CITY, Utah, July 6.—The News, the Mormon official organ, in its issue this evening, the first since the riotous proceedings on the Fourth of July, in a four-column editorial, makes a statement of its grievances and fully justifies the half-mastings of ages. It says the Mormons' rights have been denied and trampled under foot by Federal officers and courts and that the lowering of the flag meant no disrespect for the standard of the Government, but was emblematic of mourning for the death of liberty. The article was evidently inspired by the head of the church. It warmly advocated the placing of the flag at half-mast and vigorously denounced those who refused to do so. There is still much excitement in the city over the incident. The News article to-night makes matters worse, though it is not thought any violence will result from it. Edward Brainerd, an indictment for polygamy was taken before Commissioner Manning and placed under \$2,000 bonds for trial on the charge of resisting an officer. The material has a subpoena for Brainerd's polygamous wife. Brainerd presented a pistol and refused the officer permission to enter the house.
